FUND

DEFI HUNTERS DAO Fund's goal is to invest in projects in the early stage (seed, private, etc.). The allocation amount depends on the direct agreement with a company and can range from \$100.000 to \$1.000.000

When DAO Fund gets allocation, investors can choose the project to invest in. The percentage and opportunities are available based on the categories:

- **Whales** 50 % allocation (max. 20 000 \$ per person)
- **Sharks** 30 % allocation (max. 3 000 \$ per person)
- **Shrimps** 20 % allocation (max. 1 000 \$ per person)

To access **Shrimp level** 3000 \$DDAO is required

Shark - 12000 \$DDAO

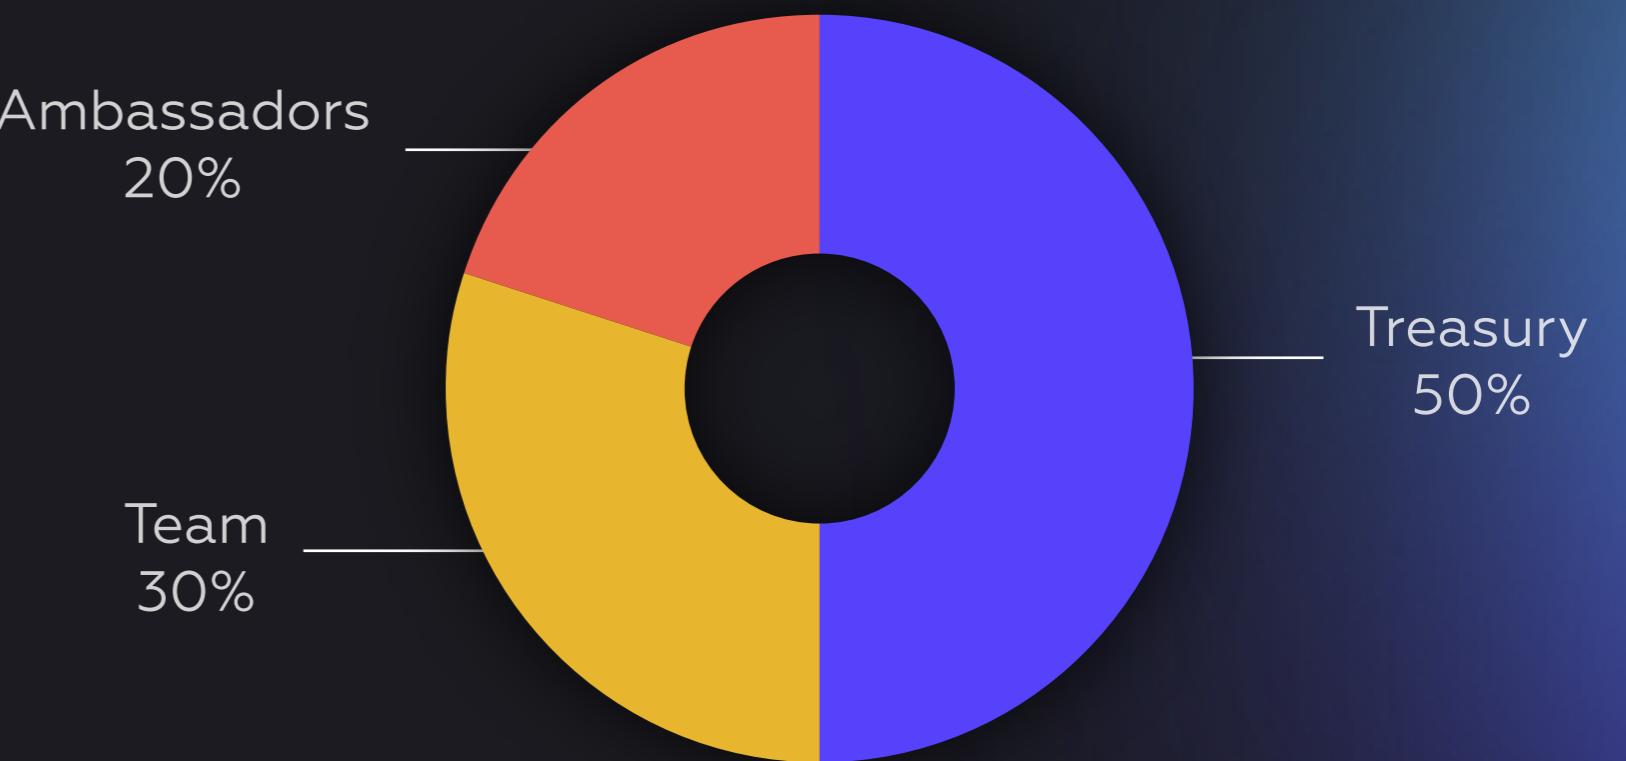

Whale - 30000 \$DDAO

Important

Without exception, everyone can participate in sales. If there are more participants than allocations available, the number of allocations is distributed in proportion to the percentage of the investment, and the remaining amount can be claimed back.
